## Prior to setting up the interface with the POS

1. Set up a Service Agreement for PAYware Connect via OLSON & IVES.

    *   OLSON & IVES is the **only** authorized agent for PAYware Connect using PostalMate. For more information, call (800)205-0650, or email Mike@olsonives.com.

    *   After your PAYware Connect account is setup, you will receive instructions from OLSON & IVES with your PAYware Connect Merchant ID, user ID, password, and Merchant key.

    *   Once the Service Agreement is in place, you may contact Verifone's PAYware Connect support at 800-839-0947, to learn how to navigate your online PAYware Connect portal.

POS Setup with PAYware Connect

In the POS, select **Tools > Options > Register Settings**.

*   Choose the **Credit Card** tab.

*   Below **Interface** select PAYware PC from the drop down arrow.

*   Enter each value as it is displayed in PAYware Connect instructions provided by OLSON & IVES.

*   Click **OK** to save.

> Values here must match the values that OLSON & IVES provided you in the PAYware Connect instructions for your store.
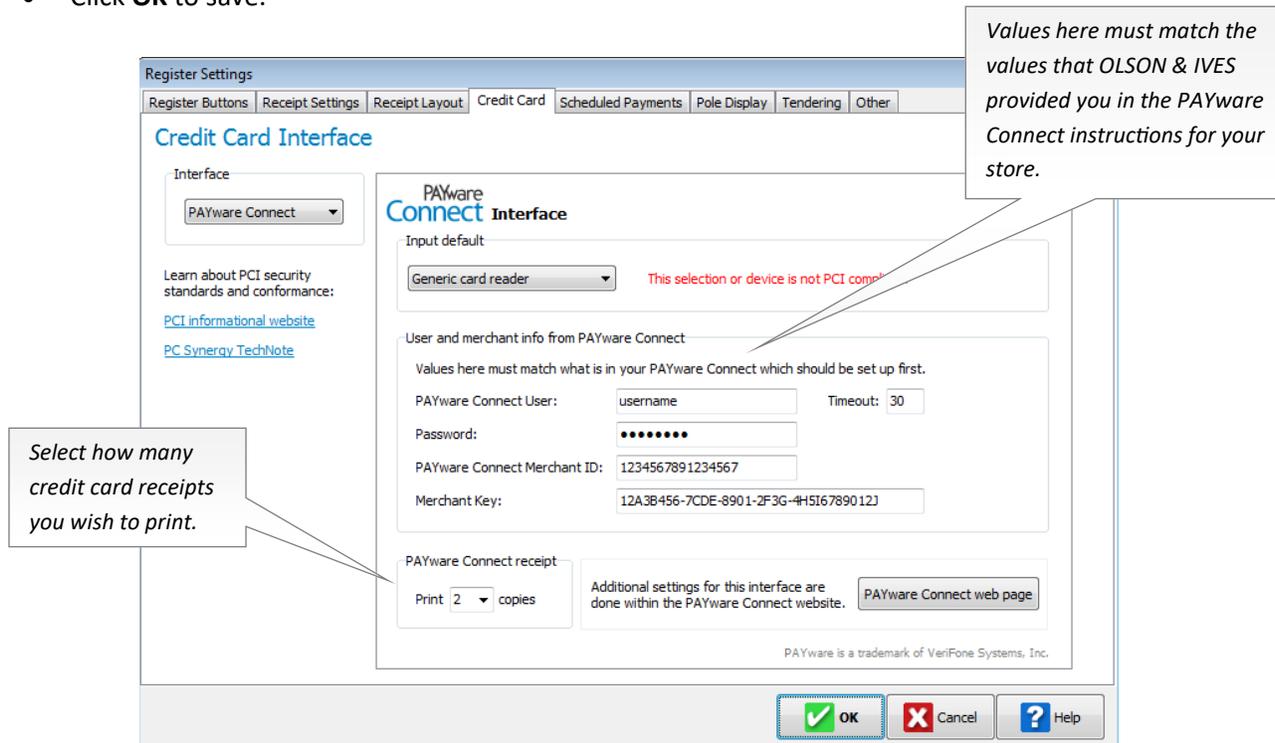

> Select how many credit card receipts you wish to print.
