

For Immediate Release

San Marcos, Calif. – July 22, 2005- PC Synergy, the leading provider of automation to the retail mail and parcel industry and auction consignment industry is pleased to announce the release of it's newly designed and upgraded web site.

In keeping with it's goals of advancing technology in the mail and parcel industry PC Synergy has upgraded it's web presence to enhance the customer and prospect experience. Visitors have access to forms, which can be used to directly communicate with various departments in the company. This includes requests for support, which can be located in the secure support area along with newly updated technical notes and Frequently Asked Questions.

The new design can be found at www.pcsynergy.com or www.postalmate.com. The site is navigated through java drop down menus with intuitive locations for information and files the PostalMate user can utilize to better understand the software operation as well as to download necessary updates to the application.

PC Synergy is a privately held company located in San Marcos, California. Founded by Rick Crawford in 1988, PC Synergy has over 2600 customers nationwide. The PostalMate software automates shipping, packing and auction consignment as well as integrates with CashMate+, a full featured Point-of-Sale, Accounts Receivable and Mailbox Management system. Visit www.pcsynergy.com or call 800-485-6901.
